AMENDED NOTICE OF MINING LOCATION, - LODE CLAIM.

TO ALL WHOM IT MAY CONCERN:-

This mining claim, the name of which is the Spartan Mining Claim, situate on lands belonging to the United States of America, and in which there are valuable mineral deposits, was entered upon and located for the purpose of exploration and purchase by The Arizona Copper Company, a corporation organized and existing under and by virtue of the laws of the Territory of Arizona, the undersigned, on the 24th day of December, 1902.

The length of this claim is fifteen hundred (1500) feet, and we claim fourteen hundred and thirty (1430) feet, in a North $19^{\circ} 06'$ East direction and seventy (70) feet in a South $19^{\circ} 06'$ West direction from the center of the discovery shaft, at which this notice is posted, lengthwise of the claim, together with three hundred (300) feet in width of the surface grounds on each side of the center of said claim. The general course of the lode deposit and premises is from the Southerly to the Northerly.

This claim is situated and located in the Greenlee Gold Mountain Mining District, in Graham County, in the Territory of Arizona, about $\frac{3}{4}$ of a mile in a Southerly direction from the town of Metcalf. The South end line of this claim is coincident with the North end line of the "Seven thirty" mining claim Lot 48.

This amended certificate is filed without waiver of any previous rights, for the purpose of correcting the name, which by mistake was named the Scorpion, instead of the Spartan, being the same lode of which the original location certificate made by James Colquhoun is recorded in Book 7, pages 196-197, Records of Mines of Graham County of Arizona. This confusion in names occurred in an amended location notice, made by the Arizona Copper Company, on the 22nd day of March, 1897, and recorded in Book 9, Records of Mines, at pages 196-197 in the office of the County Recorder of the aforesaid County of Graham,

Territory of Arizona, wherein the name "Scorpion" is substituted for Spartan the rightful name of said mine.

The surface boundaries of the claim are marked upon the ground as follows; beginning at a post and monument of stones at a point in a S. 19° 06' W. direction seventy (70) feet from the discovery shaft (at which this notice is posted) being in the center of the Southerly end line of said claim; thence N. 70° 54' W. 300 feet to a post and monument of stones, being the South west corner of said claim, thence N. 19° 06' 1327 feet to a post and monument of stones, thence N. 69° 28' E. 27-1/2 feet to a post, thence S. 70° 54' E. 91 feet to a post and monument of stones being the center of the Northerly end of said claim; thence S. 70° 54' E. 300 feet to a post and monument of stones being at the North east corner of said claim, thence S. 19° 06' W. 1500 feet to a post and monument of stones at the Southeast corner of said claim; thence N. 70° 54' W. 300 feet to the place of beginning.

All done under the provisions of Chapter Six, of Title XXXII of the Revised Statutes of the United States, and of an Act of the General Assembly of Arizona, entitled An Act to Codify and Revise the Laws of the Territory of Arizona, approved March 16th, 1901.

The length of this claim is fifteen hundred (1500) feet, and we claim fourteen hundred and fifty (1450) feet in a South 12° 40' East direction, and fifty (50) feet in a North 12° 40' West direction from the center of the discovery shaft, at which this notice is posted, lengthwise of the claim, together with three hundred (300) feet in width of the surface grounds, on each side of the center of said claim. The general course of the lode deposit and premises is from the Northerly to the Southerly.

The claim is situated and located in the Greenlee Gold Mountain Mining District, in Graham County, in the Territory of Arizona, about half a mile in a Southeasterly direction from the town of Metcalf.

The Northwest corner of this claim is identified with the Northeast corner of the Chase Creek No. 2, U. S. Survey, Lot 1229.

The surface boundaries of the claim are marked upon the ground as follows: Beginning at post and monument of stones at a point in a N. 12° 40' W. direction fifty (50) feet from the discovery shaft (at which this notice is posted), being in the center of the Northerly end line of said claim; thence N. 69° 28' E. 300 feet to a post and monument of stones, being the Northeast corner of said claim; thence S. 12° 40' E. 1500 feet to a post and monument of stones, being at the South east corner of said claim; thence S. 69° 28' W. 300 feet to a post and monument of stones being at the center of the Southerly end of said claim; thence S. 69° 28' W. 300 feet to a post and monument of stones, being at the South west corner of said claim; thence N. 12° 40' W. 1500 feet

X to a post and mon. of stones at the North west corner of said claim; thence N. 69° 28' E. 300 feet to the place of beginning.

All done under the provisions of Chapter Six, of Title XXXII, of the Revised Statutes of the United States, and of an Act of the General Assembly of Arizona, entitled "An Act to Revise and Codify the Laws of the Territory of Arizona", approved March 16th, 1901.

This is an amended location Notice of the Chase Creek No. 3 Mining Claim located by the Arizona Copper Company on the 28th day of October, 1898, and recorded in Book 10 of Records of Mines, at page 188, in the office of the County Recorder of the aforesaid County of Graham, to which reference is hereby made, and this Amended Location Notice is made and posted to correct errors in the said Original Location Notice.

Dated and posted on the ground, this 24th day of December, 1902.
