This survey was made with a Gurley Light Mountain Transit. The courses were deflected from true meridian as determined by an observation on Polaris at Eastern Elongation, Oct. 7, 1903.

The distances were measured with a 100 ft. steel tape.

Note.--The disagreements between these field notes and the location certificates of the Corse Gold and S. W. Higley lodes are due to errors in the latter.

To all whom it may concern; This Mining Claim, the name of which is the S.W.Higley Mining Claim, situate on lands belonging to the United States of America and in which there are valuable mineral deposits, was ~~previously~~ entered upon and located for the purpose of exploration and purchase by Grigalba Coarse Gold Mn'g Co., the undersigned, on the fifth day of March, 1903.

The length of this claim is fifteen hundred feet and we claim eleven hundred and fifty feet in a northerly direction and three hundred and fifty feet in a southerly direction from the center of the discovery shaft, at which this notice is posted, lengthwise of the claim, together with three hundred feet in width of the surface grounds, on each side of the center of said claim. The general course of the lode deposit and premises is from the north to the south.

The claim is situated and located in the Black Rock Mining District, in Yavapia County, in the Territory of Arizona about twelve miles in a Northeasterly direction from Wickenburg on the Hassayampa river near Fools Gulch canyon in Yavapia County.

The surface boundaries of the claim are marked upon the ground as follows: Beginning at a monument of stone near the Coarse Gold Mine in Yavapia County, Black Rock District at a point in a southerly direction three hundred & fifty feet from the discovery shaft (at which this notice is posted), being in the center of the south end line of said claim; thence three hundred feet to a monument of stone being the southeast corner of said claim; thence fifteen hundred feet to a monument of stone being at the northeast corner of said claim; thence three hundred feet to a monument of stone at the center of the north end of said claim; thence three hundred feet to a monument of stone being at the northwest corner of said claim; thence fifteen hundred feet to a monument of stone at the southwest corner of said claim; thence three hundred feet to the place of beginning.

All done under the provisions of Chapter Six, of Title XXXII, of the Revised Statutes of the United States and of an Act of the General Assembly of Arizona, entitled "An Act ~~concerning~~ to Revise and Codify the laws of the Territory of Arizona, approved March 16, 1901.

Dated and posted on the ground, this fifth day of March, 1903.
