#### LOCATION.

This claim is located about  $\frac{1}{2}$  mi in a W direction  
 from the Copper Queen Store, in the City of Bisbee, Cochise  
 County, Arizona, in the Warren Mining District, on un-  
 surveyed lands, approximately in Tp 23 S R 24 E G & S R  
 B & M.

#### INSTRUMENT.

This survey was made with a C. L. Berger & Sons No.  
 1 Transit; the courses were deflected from the true  
 meridian as determined by solar observation checked by an  
 observation on Polaris, the distances were measured with  
 a 300 ft steel tape; Magnetic variation  $12^{\circ} 30'$  E.

Franklin W. Smith

U.S. Deputy Mineral Surveyor.

Dated at Bisbee, Arizona,

Aug 20 1905

Note Any discrepancies between the courses and dis-  
 tances of this survey and those of the Mamie lode, Survey  
 No.1082 are due to errors in the latter.

This survey calls for the same ground as was surveyed by James F. Trotter, U. S. Deputy Mineral Surveyor under instructions from your office, dated June 20, 1890, and the old survey was designated as Mineral Survey No. 1380.

The claimant informs me that the ground in this survey is the same as that embraced in mineral Survey No. 1380. The claimant further informs me that corrs. Nos. 1, 2, 3, and 4 of this survey are identical with corrs. Nos. 1, 4 & 2 respectively, of Survey No. 1380. This fact, I could not verify, myself, as the posts were very much weathered and the scribing almost completely effaced. I have no reason to doubt that the old posts found on the ground are the corners of Survey No. 1380, especially as no monuments of any description could be found elsewhere in the vicinity.

These old posts were destroyed and replaced by new ones, scribed and witnessed as reported in my field notes of this survey.

Any discrepancies between the corners and stations and mineral monuments of this survey, and those of Mineral Survey No. 1380 are due to errors in the latter survey.

## FINAL OATH OF U. S. DEPUTY MINERAL SURVEYOR

I, Franklin W. Smith, U. S. Deputy Mineral Surveyor, do solemnly swear that, in pursuance of instructions received from the United States Surveyor General for Arizona, dated December 21<sup>st</sup> 1904, I have, in strict conformity to the laws of the United States, the official regulations and instructions thereunder, and the instructions of said Surveyor General, faithfully and correctly executed the survey of the Mining Claim of Marlin O'Hare, known as the Dragontail Strip, situate in Tucson Mining District, Cochise County, Arizona, in Section Aptex, Township No. 23 S., Range No. 24 E. S.R.B.C.W. and designated as Survey No. 2010, as represented in the foregoing field notes, which accurately show the boundaries of said mining claim as distinctly marked by monuments on the ground, and described in the attached copy of the location certificate, which was received by me from the Surveyor General with said instructions, and that all the corners of said survey have been established and perpetuated in strict accordance with the law, official regulations and instructions thereunder; and I do further solemnly swear that the foregoing are the true and original field notes of said survey and my report therein, and that the labor expended and improvements made upon said mining claim by claimant or his grantors are as therein fully stated, and that the character, extent, location and itemized value thereof are specified therein with particularity and full detail, and that no portion of said labor or improvements so credited to this claim has been included in the estimate of expenditures upon any other claim.

## LOCATION NOTICE.

Notice is hereby given that the undersigned, in compliance with the requirements of the Mining Act of Congress, approved May 10, 1872, have this day located and claim 1500 hundred linear feet along the course of this vein, lode or vein of mineral bearing quartz, to and including the same on each side of the middle of said lead, to determine a situation in the Warren Mining District, County of Cochise, Arizona, and more particularly described as follows, to-wit:

Commencing at the monument of stones, being the center of the south end of claim, and upon which this notice is posted; thence east 100 feet to a monument of stones; thence north 1500 feet to a monument of stones; thence west 100 feet to a monument of stones; being the center of the north end of claim; thence west 100 feet to a monument of stones; thence south 1500 feet to a monument of stones; thence east 100 feet to place of beginning.

This claim is crossed near its center by the stage road west of Bisbee about 1200 ft. It comprises that vacant piece of land between Crawford's two story frame house and Tribble's slaughter pen. It is bounded on the east by the Mamie and Al Hassan Mining Claims, on the westerly the Vineyard mining Claims, and shall be known as the Quartzite Strip Mine. Located Mar. 24th, 1893.

## U. S. SURVEYOR-GENERAL'S FINAL CERTIFICATE ON FIELD NOTES.

**Department of the Interior,**  
OFFICE OF U. S. SURVEYOR-GENERAL.

Phoenix, Arizona.

Aug. 18 1905

I, U. S. Surveyor-General for the District of Arizona,  
do hereby certify that the foregoing transcript of the Field Notes, return and approval of the survey  
of the mining claim of Martin O'Hare

known as the Quartzite Strip  
situate in Maricopa County, Arizona.  
Mining District, Cochise County, Arizona.  
in Section 22, Township No. 35 S., Range No. 24 E. the survey and  
designated as Survey No. 2010, has been correctly copied from the originals on file in  
this office; that said Field Notes furnish such an accurate description of said mining claim as will, if  
incorporated into a patent, serve fully to identify the premises, and that such reference is made therein  
to natural objects or permanent monuments as will perpetuate and fix the *locus* thereof.

And I further certify that five hundred dollars' worth of labor has been expended or improvements  
made upon said mining claim by claimant or his grantors, and that said improvements  
consist of 2 shafts, 3 tunnels and 1 cut, total  
value \$600.00.

and that no portion of said labor or improvements has been included in the estimate of expenditures  
upon any other claim.

I further certify that the plat thereof, filed in the U. S. Land Office at Phoenix, Arizona,  
is correct and in conformity with the foregoing Field Notes.

(Signed) Frank S. Ingallin,

United States Surveyor-General for Arizona.

#### LOCATION.

This claim is located in the Warren Mining District,  
Cochise County, Arizona, in Section 8, Tp 23 S., R 24 E.,  
G & S K B & M.

#### INSTRUMENT.

This survey was made with a C L Berger & Sons No 1 Light  
Mountain transit. The courses were deflected from the  
true meridian as determined by a Solar observation. The  
distances were measured with a 300 and 100 foot steel  
tapes. Magnetic variation 12° 30' East at all corners.

#### REPORT.

The tie has been made to U S Mineral Monument No 4 in  
preference to U S Mineral Monument No 1, as U S Mineral  
Monument No 1 is on top of a large rock that has moved  
over 5 feet in the past year, and soon will fall over  
as it is being undermined by the waters of a creek.
