FINAL OATH OF U. S. DEPUTY MINERAL SURVEYOR

I, Franklin W. Smith, U. S. Deputy Mineral Surveyor, do solemnly swear that, in pursuance of instructions received from the United States Surveyor General for Arizona, dated July 20th, 1905, I have, in strict conformity to the laws of the United States, the official regulations and instructions thereunder, and the instructions of said Surveyor General, faithfully and correctly executed the survey of the Mining Claim of August Daley and Charles Clason, known as the Morning Star, situate in Wenden Mining District, Cochise County, Arizona, in Section approx., Township No. 732, Range No. 24E by D.R. Brown and designated as Survey No. 2133, as represented in the foregoing field notes, which accurately show the boundaries of said mining claim as distinctly marked by monuments on the ground, and described in the attached copy of the location certificate, which was received by me from the Surveyor General with said instructions, and that all the corners of said survey have been established and perpetuated in strict accordance with the law, official regulations and instructions thereunder; and I do further solemnly swear that the foregoing are the true and original field notes of said survey and my report therein, and that the labor expended and improvements made upon said mining claim by claimant or these grantors are as therein fully stated, and that the character, extent, location and itemized value thereof are specified therein with particularity and full detail, and that no portion of said labor or improvements so credited to this claim has been included in the estimate of expenditures upon any other claim.

Franklin W. Smith
U. S. Deputy Mineral Surveyor.

Subscribed and sworn to by the said Franklin W. Smith
U. S. Deputy Mineral Surveyor, before me Cora E. Smith

LODE CLAIM.

To All Whom it May Concern:

This Mining Claim, the name of which is the Morning Star

Mining Claim, situate on lands belonging to the United States of America, in which there are valuable mineral deposits, was entered upon and located for the purposes of exploration and purchase by Aug. Draley

and Charles Blason
(Locator must insert either "a citizen of the United States," or "who has declared his intention to become a citizen of the United States.")

the undersigned, on the 4th day of May 1903

The length of this claim is 1500 feet

and we claim 750 feet

in a westerly direction and

750 feet in a easterly direction from

the center of the discovery shaft, at which this notice is posted, lengthwise of the claim, together with 300

feet in width of the surface grounds, on each side of the center of said claim.

The general course of the lode deposit and premises is from the East

to the West

The claim is situated and located in the Warren Mining District, in

Cochise County, in the Territory of Arizona, about 1/4 of a mile

in a westerly direction from town of

Bisbee and adjoining the patented claim contention on the south.

The Surface boundaries of the claim are marked upon the ground as follows: Beginning at monument

at a point westerly direction 750 feet from

the discovery shaft (at which this notice is posted), being in the center of the westerly

end line of said claim; thence 300 feet to a monument

, being the south west corner of said claim; thence

1500 feet to a monument, being at the

south east corner of said claim; thence 300 feet

to a monument at the center of the easterly end of said claim;

thence 300 feet to a monument being at the

north east corner of said claim; thence 1500

feet to a monument at the north west corner of said claim;

thence 300 feet to the place of beginning.

All done under the provisions of Chapter Six, of Title XXXII, of the Revised Statutes of the United States, and of an Act of the General Assembly of Arizona, entitled "An Act to Revise and Codify the Laws of the Territory of Arizona," approved March 16, 1901.

This diagram is to give locator a general idea of plan of location under the new law. The Discovery Shaft can be in the center of claim or any distance from either end desired. In the diagram it is placed 500 feet from one end and 1000 feet from the other. Commence description of claim at a center end monument, giving its distance and direction from center to Discovery Shaft; thence bound the claim in either direction. In description be careful to state locality of claim with reference to some natural object, or permanent monument, as will identify the claim.
