INSTRUMENTS.

This survey was made with a GURLEY Light Mountain Transit with Solar attachment; all courses were laid off from the true meridian as determined from solar observation; the distances were measured with 500 ft, 300 ft. and 100 ft. steel tapes.

This survey was made under instructions from the Surveyor General, dated February 12th, 1906, and an Amended Order dated August 27th, 1906, the only difference in the two being, that the second order excluded from entry the Hidden Globe Mill Site and the South East Globe Mill Site.

## AMENDED LOCATION NOTICE.

NOTICE IS HEREBY GIVEN That the undersigned, the OLD DOMINION COPPER MINING AND SMELTING COMPANY, a corporation, the assignee of the Old Dominion Copper Company, which on the 21st day of June, 1884, located the South East Globe Mining Claim situate in the Globe Mining District, Gila County, Territory of Arizona, the location notice of which claim is of record in the office of the Recorder of said County in Book 2 Records of Mines, Gila County, page 312, has on this 24th day of January, 1906, made an amended location of said mining claim, by virtue of which and of said original location, it claims as a mining claim the following described lead, lode or vein of mineral-bearing earth, rock or quartz and premises situate in the Globe Mining District, in the County of Gila, in the Territory of Arizona, to-wit:

The name of said claim is SOUTH EAST GLOBE.

The name of the locator is Old Dominion Copper Mining and Smelting Company.

The length of the claim along said vein or lode is 1422 feet; the width of said claim is 40 feet on the northerly side of the middle of said lead, lode or vein, and 157 feet on the southerly side of the middle of said lead, lode or vein at the easterly end of the claim and one hundred fourteen and seven-tenths ( $114\frac{-7}{10}$ ) feet at the westerly end of the claim. The general course of said lode and claim is northeasterly and southwesterly. The distance from the Point of Discovery to the westerly end center monument of said claim is 290 feet; the distance from the Point of Discovery to the easterly end center monument is 1132 feet.

This location notice is posted in the monument of stones erected at said Point of Discovery upon said claim, which monument is hereinafter referred to as the Location Monument.

Said claim is bounded and described as follows, to-wit: Beginning at the monument of stones placed at the center of the westerly end of the claim, which monument is 290 feet westerly from said location monument; thence N.  $24^{\circ} 15'$  W. 40 feet to a monument of stones, being the northwest corner of the claim; thence N.  $63^{\circ} E.$  1422 feet to a monument of stones, being the northeast corner of the claim; thence S.  $24^{\circ} 15'$  E. 40 feet to a monument of stones, being the center of the easterly end of the claim; thence again S.  $24^{\circ} 15'$  E. 157 feet to a monument of stones, being the southeast corner of the claim; thence S.  $72^{\circ} 48'$  W. eight hundred seventy-two and seven-tenths ( $872\frac{-7}{10}$ ) feet to a monument of stones, being a corner on the southerly side of the claim; thence S.  $52^{\circ} 15'$  W. 570 feet to a monument of stones, being the southwest corner of the claim; thence N.  $24^{\circ} 15'$  W. one hundred fourteen and seven-tenths ( $114\frac{-7}{10}$ ) feet to the monument of stones, the place of beginning.

This claim, as now amended, includes the Fraction mining claim, a valid and subsisting claim owned by the undersigned, which adjoined said South East Globe as originally located on its easterly end. The location notice of said Fraction claim is recorded in the office of the Recorder of Gila County in Book 2, Record of Mines Gila County, at page 569. The undersigned expressly reserves all prior acquired rights to said South East Globe and said Fraction mining claims, and each of them.

In order to identify this South East Globe claim, it is more particularly described as follows, to-wit: It is bounded on the north by the Globe mine, mineral survey No. 39; on the east by the Hoosier mining claim; on the south by the Gladiator mine, mineral survey No. 1108, and the Alice mining claim; and on the west by the Interloper mining claim.

The name of said Claim is HIDDEN GLOBE.

The name of the locator is Old Dominion Copper Mining and Smelting Company.

The length of the claim along said vein or lode is 1500 feet; the width of said claim is 300 feet on each side of the middle of said lead, lode or vein at the westerly end of said claim, and one hundred forty-two and a quarter feet (142-1/4) on the southerly side and 300 feet on the northerly side of the middle of said lead, lode or vein at the easterly end of said claim.

The general course of said lode and claim is northeasterly and south-westerly. The distance from the Point of Discovery to the easterly end center monument of the claim is 87 feet. The distance from said Point of Discovery to the westerly end center monument is 1413 feet. This location notice is posted in the monument of stones erected at said Point of Discovery upon said claim, which monument is hereinafter referred to as the Location Monument.

Said claim is bounded and described as follows, to-wit: Beginning at the monument of stones placed at the center of the easterly end of the claim, which monument is 87 feet easterly from said location monument; thence S. 24° 15' E. one hundred forty-two and twenty-five-hundredths (142.25) feet to a monument of stones being the Southeast corner of the claim; thence S. 54° 24' W. 1500 feet to a monument of stones, being the Southwest corner of the claim; thence N. 24° 15' W. 300 feet to a monument of stones, being the center of the westerly end of the claim; thence again N. 24° 15' W. 300 feet to a monument of stones, being the northwest corner of the claim; thence N. 58° 50' E. 1480 feet to a monument of stones, being the northeast corner of the claim; thence S. 24° 15' E. 300 feet to a monument of stones, the place of beginning.

In order to identify said claim, it is more particularly described as follows, to-wit: This claim is located about three-fourths of a mile north of Globe, and on the east side of Pinal Creek. It is bounded on the east by the Globe Ledge mine, mineral survey No. 40, and the Interloper mining claim; on the south by the Hypatia mining claim and by the Southeast Globe Mill-site and the Hidden Globe Mill-site. That portion of said Hidden Globe claim which conflicts with the Globe Southwest mine, mineral survey No. 2142 A., owned by the undersigned, which adjoins said Hidden Globe claim on the north, is excluded from said Hidden Globe claim.

NOTICE IS HEREBY GIVEN That the undersigned, OLD DOMINION COPPER MINING AND SMELTING COMPANY, a corporation, the assignee of C. Soyer who on the 1st day of January, 1883, located the Hypatia mining claim situate in the Globe Mining District, Gila County, Territory of Arizona; the location notice of which claim is of record in the office of the Recorder of said County in Book 2, Records of Mines, page 66, has on this Sixteenth day of January, 1906, made an amended location of said mining claim, by virtue of which and of said original location, it claims as a mining claim the following described lead, lode or vein of mineral-bearing earth, rock or quartz and premises situate in the Globe Mining District, in the County of Gila, in the Territory of Arizona, to-wit:

The name of said claim is HYPATIA.

The name of the locator is Old Dominion Copper Mining and Smelting Company.

The length of the claim along said vein or lode is 1500 feet; the width of said claim is 295 feet on the northerly side of the middle of said lead, lode or vein, and 244 feet on the southerly side of the middle of said lead, lode or vein.

The general course of said lode and claim is northeasterly and south-westerly.

The distance from the Point of Discovery to the easterly end center monument of the claim is 15 feet, the distance from said Point of Discovery to the westerly end center monument is 1485 feet.

This location notice is posted in the monument of stones erected at the said Point of Discovery upon said claim, which monument is hereinafter referred to as the Location Monument.

Said claim is bounded and described as follows, to-wit:

Beginning at the monument of stones placed at the center of the easterly end of the claim, which monument is 15 feet easterly from said Location Monument; thence S. 36° 25' E. 244 feet to a monument of stones, being the southeast corner of the claim; thence S. 54° 24' W. 1500 feet to a monument of stones, being the southwest corner of the claim; thence N. 36° 25' W. 244 feet to a monument of stones, being the center of the westerly end of the claim; thence N. 32° 34' W. 295 feet to a monument of stones, being the northwest corner of the claim; thence N. 54° 24' E. 1500 feet to a monument of stones, being the northeast corner of the claim; thence S. 32° 34' E. 295 feet to a monument of stones, the place of beginning.

This claim was originally a relocation of the Southwest Alice mining

claim, an abandoned claim. This Hypatia claim, as now amended, includes a small portion of ground in the northeasterly part of the claim heretofore and up to the time of this amendment included within the boundaries of the Interloper mining claim, which is a valid and subsisting mining claim adjoining said Hypatia claim on the North and owned by the undersigned. And said portion of said Interloper mining claim is now excluded from said Interloper claim and included in said Hypatia mining claim.

In order to identify said claim it is more particularly described as follows, to-wit:

This claim is located <sup>about</sup> 1-1/4 miles north of Globe. It is bounded on the north by the Hidden Globe and Interloper mining claims, on the east by the Alice mining claim, the easterly end line of the Hypatia claim being coincident with the westerly end line of said Alice mine. The Hypatia claim is bounded on the south by the Even Up, Copper Road, Castle Hill and Happy Jack mining claims.

Department of the Interior,

OFFICE OF U. S. SURVEYOR-GENERAL,

Phoenix, Arizona

April 24, 1907

I, U. S. Surveyor-General for District of Arizona

do hereby certify that the foregoing transcript of the Field Notes, return and approval of the survey of the mining claim of

OLD DOMINION COPPER MINING & SMELTING CO.

known as the Interloper, Alice, Hypatia, South East Globe, Hidden Globe and Copper Road lodes, and Interloper Mill-site situate in GLOBE

Mining District, Gila County, Arizona

in Section 23, 24, 26, Township No. 1 N., Range No. 15 E., and

designated as Survey No. 2209 A & B, has been correctly copied from the originals on file in

this office; that said Field Notes furnish such an accurate description of said mining claim as will, if incorporated into a patent, serve fully to identify the premises, and that such reference is made therein to natural objects or permanent monuments as will perpetuate and fix the locus thereof.

And I further certify that five hundred dollars' worth of labor has been expended or improvements made upon said mining claim by claimant or its grantors, and that said improvements consist of 10 shafts, 2 cuts, 2 tunnels, 3 drifts, 1 winze, 1 quarry, valued at \$118,955.00, also 15 miles of underground workings, smelter, offices, etc.

and that no portion of said labor or improvements has been included in the estimate of expenditures upon any other claim.

I further certify that the plat thereof, filed in the U. S. Land Office at Phoenix, Arizona is correct and in conformity with the foregoing Field Notes.
