This claim to be credited with 25 ft. of Shaft No. 2 on the Holland Lode of this survey, heretofore described from which it is the intention to drift on to the ore bodies of this lode. Value of work so accredited \$750.

Instrument.

This survey was made with a Young Light Mountain Transit with a solar attachment. The courses were deflected from the true meridian as determined by direct solar observations. The distances were measured with a hundred foot steel tape.

POLARIS OBSERVATION.

At Cor. No. 3 of the Holland Lode on Feby. 23th. 1906 at 8 h. 49 m., l.m.t., I observe Polaris at Western elongation and mark this line by a ~~xxx~~ bolt 18 ins. long set 400 ft. North of my station. At 7 A.M., l.m.t., on March 1st. I deflect the azimuth 1°-25' to the east.

From the meridian thus established I determine the courses of this survey which agree with the courses as determined with the solar within one minute.

NOTICE OF MINING LOCATION

Quartz Claim

TO ALL WHOM IT MAY CONCERN:-

This mining claim, the name of which is the AMSTERDAM mining claim, situate on lands belonging to the United States of America, and in which there valuable mineral deposits, was entered upon and located for the purpose of exploration and purchase by the Duquesne Mining and Reduction Company by H. S. Stewart, its Agent, the undersigned, on the 11th day of February, 1905.

The length of this claim is fifteen hundred feet, and we claim one thousand feet in a northerly direction and five hundred feet in a southerly direction from the center of the discovery shaft, at which this notice is posted, lengthwise of the claim together with sixty feet in width of the surface grounds on each side of the center of said claim. The general course of the lode deposit and premises is from the North to the South.

The claim is situated and located in the Patagonia Mining District, in Santa Cruz County, in the Territory of Arizona, about two-thirds of a mile in a westerly direction from the Duquesne Post-Office and is bounded on the North by the Little Joker, on the East by the Dubley Standard and Mary Jane, on the south by the Mary Jane, and on the west by the Holland mining claim.

The surface boundaries of the claim are marked upon the ground as follows: Beginning at a mound of stones at a point in a northerly direction one thousand feet from the discovery shaft, (at which this notice is posted), being in the center of the northerly end line of said claim; thence easterly sixty feet to a mound of stones being the north east corner of said claim; thence southerly 1500 feet to a mound of stones being at the south east corner of said claim; thence Westerly sixty feet to a mound

of stones at the center of the south rly end of said claim; thence westerly sixty feet to a mound of stones, being at the south west corner of said claim; thence northerly 1500 feet to a mound of stones at the north west corner of said claim; thence easterly sixty feet to the place of beginning.

All done under the provisions of Chapter Six of Title XXXII of the Revised Statutes of the United States, and of an Act of the General Assembly of Arizona, entitled "An Act Concerning Mines", approved March 20th, 1895.

Dated and posted on the ground this 15th day of February, 1905.

do hereby certify that the foregoing transcript of the Field Notes, return and approval of the survey of the mining claim of Duquesne Mining & Reduction Co.

known as the Little Joker, Amsterdam & Holland Lodes

situate in Patagonia

Mining District, Santa Cruz County, Arizona

in Section 3 & 10, Township No. 24 S., Range No. 16 E. unsurveyed, and

designated as Survey No. 2211, has been correctly copied from the originals on file in

this office; that said Field Notes furnish such an accurate description of said mining claim as will, if incorporated into a patent, serve fully to identify the premises, and that such reference is made therein to natural objects or permanent monuments as will perpetuate and fix the *locus* thereof.

And I further certify that five hundred dollars' worth of labor has been expended or improvements made upon said mining claims by claimant or its grantors, and that said improvements

consist of, ^{or for each of} 5 shafts, 4 cuts and 1 tunnel, total value \$8600.00

and that no portion of said labor or improvements has been included in the estimate of expenditures upon any other claim.

I further certify that the plat thereof, filed in the U. S. Land Office at Phoenix, Arizona is correct and in conformity with the foregoing Field Notes.

Frank S. Ingalls,

United States Surveyor-General for Arizona.

(4-687.)
