MINERAL SURVEY No. 2750

LOT No. _____

Arizona

Land District.

FIELD NOTES

OF THE SURVEY OF THE MINING CLAIM OF

The Arizona Gold Mines Co.

KNOWN AS THE

Bi-Metal, Mineral Point, Oro Fino, Unaweep and Cadillac

Maynard and Wallapai Mining District,

Mohave County, Arizona,

Section 3, Township 20 N., Range 17 W., unsurveyed

Surveyed under instructions dated February 15 th 1910

by Peter Mc Cardell,

U. S. Mineral Surveyor.

Claim located See location notices, 19

Survey commenced February 18 th., 1910

Survey completed February 21 th., 1910

6-822

Address of Attorney for claimant,

E. S. Clark,

Prescott, Arizona.

(11)

MO'l 3' 200 SURVEY No. 2750 - Continued. L. L. L. L. L. L.
running N 40° W 18 ft., in rock. Value, \$50 low col.

No.4. A shaft, which bears from Cor. No.2, S. 01° 19' E.
12 ft. off in rock.
377 ft., 4 X 9 ft., 135 ft. deep, timbered, at the bottom
of this shaft are drifts, 4 X 6 ft. running as follows:
N 26° E. 24 ft., S 24° E. 24 ft., N 24° E. 95 ft.,
S 26° E. 24 ft., S 24° E. 24 ft., E. 24 ft. and west 95
ft., all in rock. Value of shaft and drifts \$4390

Note - A 1/5 interest of this shaft and drifts to be
credited to this location. Value, \$878

Mineral Point lode, No.1. The discovery shaft, on the
center line 300 ft. from the center of line 1-2, 4 X 6 ft.,
10 ft. deep, timbered. Value, \$40

Note - A 1/5 interest in shaft No.4 and its drifts, Birch
Metal lode, to be credited to this location. In the
lode there is no power of value, \$878

Ore Fino lode, No.1. The discovery shaft, on the center
line 750 ft. from the center of line 1-2, 4 X 6 ft., 10
ft. deep. Value, \$40

Note - A 1/5 interest in shaft No.4 and drifts, Birch
Metal lode, to be credited to this location. In the
lode there is no power of value, \$878

Unawep lode, No.1. The discovery shaft, on the center
line 500 ft. from the center of line 1-4, 4 X 6 ft., 10
ft. deep. Value, \$40

Note - A 1/5 interest in shaft No.4 and drifts, Birch
Metal lode, to be credited to this location. In the
lode there is no power of value, \$878

Cadillac lode, No.1. The discovery shaft, on the center
line 300 ft. from the center of line 1-4, 4 X 6 ft.,
10 ft. deep. Value, \$40

Note - A 1/5 interest in shaft No.4 and drifts, Birch
Metal lode, to be credited to this location.

CHARGE NO. 100 - DRAFTED
Value, \$878

(12)

SURVEY No. 2750 - Continued.

OTHER IMPROVEMENTS.

A ten stamp mill, the north west corner of which bears from Cor. No.1, Bi-Metal lode, S. $37^{\circ} 07'$ E. 265 ft., 45 X 67 ft., course of long side, S. $52^{\circ} 12'$ W. A boarding house, the north east corner of which bears from Cor. No.1, Bi-Metal lode, S. $32^{\circ} 21'$ E. 519 ft., 16 X 50 ft., course of long side, W. $50^{\circ} 30'$ E. An office, the north east corner of which bears from Cor. No.1, Bi-Metal lode, S. $58^{\circ} 05'$ E. 420 ft., 16 X 28 ft., course of long side, S. $37^{\circ} 50'$ E.

Note- Owing to the position of shaft No.4, Bi-Metal lode, and its drifts, and on account of its greater depth than the other improvements, and that it is the means of draining all the veins and ground in this claim, it is a common improvement, and a 1/5 interest is credited to each location.

INSTRUMENT.

This survey was made with a Buff & Berger Transit. The courses were deflected from the true meridian as determined by direct solar observations. The distances were measured with a 100-ft. and 500ft. steel tapes.

REPORT.

The lode lines of each location of this survey was run directly upon the ground, and the several corners established by means of offsets from the lode lines.

All tie lines were run either directly upon the ground or by traverse, run upon the ground and submitted in a separate report herewith.

(13)

MINERALS REPORT - CONTINUED.

SURVEY No. 2750 - Continued.
(12)

The $\frac{1}{4}$ Sec. Cor. between Sec's 3 and 34, Tps. 20
and 21 N., R. 17 W. is a malpais stone, chiseled $\frac{1}{4}$
S. C. on its north face.

Before making this survey I searched for corner

sections 2, 3, 34 & 35, T. 20 and 21 N., R. 17 W., but
was unable to find it, it being covered up with a

dense growth of underbrush and weeds. I then ran to

the $\frac{1}{4}$ section corner between Secs. 2 and 35, T. 20 and

21 N., R. 17 W., and found it. I then proceeded to
survey out the claims and tied all of them to the $\frac{1}{4}$
section corner between Secs. 3 and 34, T. 20 and 21 N.,
R. 17 W. Then after I had finished surveying the

claims I made further search for the section corner and
found it as described above, this being the cause of

my marking the corners as given in my notes and preliminary plat of said survey.

In a common embankment, just a few feet below

the surface of the valley floor at the east end of

the valley, there is a small depression, and if it is the same

depression as the one on the south side of the valley, it

is the same depression as the one on the south side of the valley.

On south side: S* 200 40, E*

200 00, E* 400 40' to X 20 40' corner

between south corner of upper people below cor. now* E* 400 40'

FINAL OATHS FOR SURVEYS.

LIST OF NAMES.

A list of the names of the individuals employed by PETER McCARDELL,
United States Mineral Surveyor, to assist in running, measuring, and marking the lines, corners, and
boundaries described in the foregoing field notes of the survey of the mining claim of _____.

THE ARIZONA GOLD MINES COMPANY

known as the Bi-Metal, Mineral Point, Oro Fino, Unaweep and Cadillac and showing the respective capacities in which they acted.

Oliver K. Lewis, *Chairman.*

, Chainman.

-, Axman.

, Flagman.

FINAL OATHS OF ASSISTANTS.

Wx, I, Oliver K. Lewis.

I

and _____, do solemnly swear that we assisted Peter
McCardell, United States Mineral Surveyor, in marking the corners and surveying
the boundaries of the mining claim of THE ARIZONA GOLD MINES COMPANY,

known as the Bi-Metal, Mineral Point, Oro Fino, Unaweep and Cadillac represented in the foregoing field notes as having been surveyed by said mineral surveyor and under his direction; and that said survey has been in all respects, to the best of our knowledge and belief, faithfully and correctly executed, and the corner and boundary monuments established according to law and the instructions furnished by the United States Surveyor-General for Arizona.

Oliver K. Lewis, Chairman.

..., Chainman.

—, Axman.

..., Flagman.

Subscribed and sworn to by the above-named persons before me this 26th

day of February, 1910. *D. A. C.*

Notary Public.

6-1043

Mohave County, Arizona.

My Commission expires March 9, 1913.

FINAL OATH OF U. S. MINERAL SURVEYOR.

I, Peter Mc Cardell, U. S. Mineral Surveyor, do solemnly swear that, in pursuance of instructions received from the United States Surveyor General for Arizona, dated February 15 th. 1910., I have, in strict conformity to the laws of the United States, the official regulations and instructions thereunder, and the instructions of said Surveyor General, faithfully and correctly executed the survey of the Mining Claim of The Arizona Gold Mines Co.

Bi-Metal, Mineral Point, Oro Fino, Unaweep, Cadillac., known as the situate in Maynard and Wallapai Mining District,₅

Mohave County, Arizona, in Section_s 34 3, Township No. 21 N., Range No. 17 W., G. & S. R. B. & M. unsurveyed and designated as Survey No. 2750, as represented in the foregoing field notes, which accurately show the boundaries of said mining claim as distinctly marked by monuments on the ground, and described in the attached copy of the location certificate, which was received by me from the Surveyor General with said instructions, and that all the corners of said survey have been established and perpetuated in strict accordance with the law, official regulations and instructions thereunder; and I do further solemnly swear that the foregoing are the true and original field notes of said survey and my report therein, and that the labor expended and improvements made upon said mining claim by claimant or its grantors are as therein fully stated, and that the character, extent, location, and itemized value thereof are specified therein with particularity and full detail, and that no portion of said labor or improvements so credited to this claim has been included in the estimate of expenditures upon any other claim.

Peter Mc Cardell
U. S. Mineral Surveyor.

Subscribed and sworn to by the said Peter Mc Cardell

U. S. Mineral Surveyor, before me

a Notary Public.

day of February, 1910.

O. G. Krook
Notary Public.
Mohave County.
Territory of Arizona.

My Commission
expires March 9, 1913.

Amended Location Certificate

Know All Men by these Presents, That The Arizona Gold Mines Co.,
 by E. M. Lamont, General Manager,
 the undersigned citizen of the United States, over the age of twenty-one years, having complied
 with all the requirements of the laws of the United States and the Territory of Arizona, relating
 to mining claims, and with the local laws, customs, rules and regulations of
 Maynard Mining District, hereby make and file this its amended location of
 the BI-METAL Lode, claiming by right of discovery, location, primal
 appropriation and possession 1500 feet, linear and horizontal measurement, on
 this vein or lode of quartz, or other rock in place, bearing gold and other
 valuable minerals, with all dips, variations and angles, the same being 360 feet
 along the ledge in a Northwest direction from the discovery stake and 1140
 feet along the ledge in a Southeast direction therefrom, together with 300
 feet in width on each side of the middle of said ledge, and all veins, lodes, ledges, mineral deposits,
 mineral and surface ground within the lines of said claim.

Situate in Maynard Mining District, County of Mohave,
 Territory of Arizona, and more particularly described as
 follows, to-wit:

Beginning at Cor. No. 1, whence 1/4 Sec. Cor. between Secs.
 3 and 34, Tps. 20 and 21, N., R. 17 W., bears N. 81° 57' 46" W.,
 587.58 ft., thence N. 51° 53' E. 300 ft. to North end center monument;
 whence discovery shaft bears S. 38° 07' E. 360 ft., 600 ft. to Cor.
 No. 2; thence S. 38° 07' E. 1500 ft. to Cor. No. 3; thence S. 51°
 53' W. 300 ft. to South end center monument, 600 ft. to Cor. No. 4;
 thence N. 38° 07' W. 1500 ft. to Cor. No. 1, the place of beginning.

The courses were determined by direct solar observation.

THIS AMENDED LOCATION is made in conformity with the original location, made
 September 10th, 1898, recorded September 13th 1898, in Book N,

Page 314, of Quartz Locations, in the office of the Recorder of said County, and it is made
 for the purpose of appropriating all ground within the boundaries hereinbefore described, and of
 more definitely describing the situation and boundaries of said lode, correcting any irregularities,
 informalities or errors, supplying omissions and correcting any defects which may have existed
 in the original location, or the record thereof, hereby waiving no rights acquired under and by
 virtue of said original location. And if the original location or the certificate thereof is void,
 then this location shall be an original location and this certificate an original certificate.

Date of Original Discovery, September 10th, A. D. 1898.

Date of Amended Location, February 7th, A. D. 1910.

 thence N. 51° 53' E. 1500 ft. to Cor. No. 2; thence S. 38° 07' E. 300
~~xx~~ to East end center monument, 600 ft. to Cor. No. 3; thence S. 51°
53' W. 1500 ft. to Cor. No. 4; thence N. 38° 07' W. 300 ft. to West
 end center monument, wence discovery shaft bears N. 51° 53' E. 300
 ft., 600 ft. to Cor. No. 1, the place of beginning.

The courses were determined by direct solar observations.

THIS AMENDED LOCATION is made in conformity with the original location, made
 April 5th 1907, recorded June 8th, 1907, in Book "Y",
 Page 234, of Quartz Locations, in the office of the Recorder of said County, and it is made
 for the purpose of appropriating all ground within the boundaries hereinbefore described, and of
 more definitely describing the situation and boundaries of said lode, correcting any irregularities,
 informalities or errors, supplying omissions and correcting any defects which may have existed
 in the original location, or the record thereof, hereby waiving no rights acquired under and by
 virtue of said original location. And if the original location or the certificate thereof is void,
 then this location shall be an original location and this certificate an original certificate.

Date of Original Discovery, April 5th, A. D. 1907.

Date of Amended Location, February 7th, A. D. ~~xxx~~ 1910.

TERRITORY OF ARIZONA, }
COUNTY OF MOHAVE. } ss.

27

I, J. W. Morgan, Recorder of Mohave County, Territory of Arizona, do hereby certify that I have compared the foregoing copy of Amended Location Certificate of Cadillac mining claim, and of the endorsement thereupon with the original records of the same on file in this office, and that the same are correct transcripts therefrom and of the whole of said original records.

WITNESS my hand and the seal of said office, this
10th day of February 1910.

By Ross A. Blaske, Deputy J. W. Morgan,
Recorder of Mohave County.

U. S. SURVEYOR-GENERAL'S FINAL CERTIFICATE ON FIELD NOTES.

Department of the Interior,

OFFICE OF U. S. SURVEYOR-GENERAL,

Phoenix, Arizona.

April 26, 1910, 190.

I, U. S. Surveyor-General for District of Arizona

do hereby certify that the foregoing transcript of the Field Notes, return and approval of the survey of the mining claim of The Arizona Gold Mines Co.

known as the Bi-Metal, Mineral Point, Oro Fino, Unaweep and Cadillac situate in Maynard and Wallapai

Mining District, Mohave County, Arizona,
34 21 N. 17 W.
in Section 3, Township No. 20 N., Range No. 17 W. Unsur.and
designated as Survey No. 2750, has been correctly copied from the originals on file in this office; that said Field Notes furnish such an accurate description of said mining claim as will, if incorporated into a patent, serve fully to identify the premises, and that such reference is made therein to natural objects or permanent monuments as will perpetuate and fix the *locus* thereof.

And I further certify that five hundred dollars' worth of labor has been expended or improvements made upon said mining claim by claimant or its grantors, and that said improvements consist of 2 cuts, 6 shafts and 169 ft. of drifts, total value \$12320.00. Shaft No. 4 and drifts therefrom, on the Bi-Metal lode being a common improvement for the benefit and development of all of the claims in this survey, an undivided 1/5 interest therein, value \$878, is properly credited to each claim of this group.

and that no portion of said labor or improvements has been included in the estimate of expenditures upon any other claim.

I further certify that the plat thereof, filed in the U. S. Land Office at Phoenix,

Arizona, is correct and in conformity with the foregoing Field Notes.

Frank S. Ingalls,

United States Surveyor-General for Arizona.

4-687.

SURVEYOR-GENERAL'S CERTIFICATE OF APPROVAL OF FIELD
NOTES AND SURVEY OF MINING CLAIM.

Department of the Interior,

Office of U. S. Surveyor-General,

Phoenix, Arizona.

April 26, 1910., 190.

I, U. S. Surveyor-General for District of Arizona.

do hereby certify that the foregoing and hereto attached Field Notes and Return of the Survey of the Mining Claim of The Arizona Gold Mines Co.

, known as the Bi-Metal, Mineral Point, Oro Fino, Unaweep and Cadillac situate in Maynard and Wallapai Mining Districts

Mohave County, Arizona,
in Sections 3 34 21 N. 17 W.
, Township No. 20 N. 17 W., Range No. 17 W. Unsur.

, designated as Survey No. 2750

executed by Peter McCarell, U. S. Deputy Mineral Surveyor, February 18 - 24, 1910, under my instructions dated February 15, 1910, have been critically examined and the necessary corrections and explanations made, and the said Field Notes and Return, and the Survey they describe, are hereby approved. A true copy of the copy of the location certificate filed by the applicant for survey is included in the field notes.

U. S. Surveyor-General for Arizona.
