INSTRUMENT.

This survey was made with a Buff and Berger Transit. The courses were deflected from the true meridian as determined by solar observations by Shattuck solar attachment. The distances were measured with a 100-ft. and 500-ft. steel tapes.

---

REPORT.

The lode line of this location was run directly upon the ground, and the several corners established by means of offsets from the lode line. All tie lines were run directly upon the ground.

Note- None of the corners of Survey No.541, Lone Star lode, which is in conflict with this survey, could be found; therefore all intersections are calculated theoretically.

## Amended

## Notice of Mining Location

## Mineral Lode.

To All Whom It May Concern; This Mining claim, the name of which is the "Golden Star" Mining Claim, situate on lands belonging to the United States of America, and in which there are valuable mineral deposits, was entered upon and located for the purpose of exploration and purchase by Fred Harter and Isaac Conkey the undersigned, citizens of the United States of America, on the Eighth day of May 1902.

The length of this claim is fifteen hundred (1500) feet, and we claim Nine Hundred (900) feet in an Easterly direction, and Six Hundred (600) feet in a Westerly direction from the center of the discovery shaft at which this notice is posted, lengthwise of the claim, together with three hundred (300), feet in width of the surface grounds, on each side of the center of said claim, The general course of the lode deposit and premises is from the East to the West, . The claim is situated and located in the Wallapai Mining District in Mohave County, in the Territory of Arizona, about one mile in a Northeasterly direction from the town of Mineral Park and about three fourths of a mile in a Northerly direction from Ithaca Peak. the whole of this said mining claim is located as abandoned property or forfeited mining ground, it having been formerly known as the "Lone Star" Mining Claim.

The surface boundaries of the claim are marked upon the ground as follows Beginning at a monument of stone at a point in an easterly direction Nin Nine Hundred (900), feet from the discovery shaft ( at which this notice is posted), being in the center of the East end line of said claim; thence South three hundred (300) feet to a monument of stone, being the South East corner of said claim; thence West seven hundred and fifty (750) feet to a monument of stone at the center of the South side line of said claim; thence West seven hundred and fifty (750), feet to a monument of stone, being at the South West corner of said claim; thence North, ~~thence~~ three hundred (300) feet to a monument of stone, at the center of the West end of said claim; thence North three hundred (300) feet to a monument of stone, being at the North West corner of said claim; thence East seven hundred and fifty (750) feet to a monument of stone, being at the center of the North side line of said claim; thence East seven hundred and fifty (750) feet to a monument of stone at the Northeast corner of said claim; thence South three hundred (300) feet to the place of beginning. This being the same lode originally located as the "Golden Star" on the 8th. day of May, 1902, and recorded on the 17th. day of June, 1902. in Book "S" at page 111, in the office of the County Recorder of said Mohave County, Territory of Arizona

This further and amended notice of location is made without waiver of any previous acquired rights, but for the purpose of correcting a defect in the original notice, in this; that the said original location notice ~~is~~ failed to state that the Mining claim described herein, and the whole thereof, was located as abanded or forfeited mining ground, and also to correct any errors in the original location or description of said

" Golden Star" Mining Claim,

All done under the provisions of Chapter Six, of Title XXXI, of the Revised and Revised Statutes of the United States, and of an Act of the General Assembly of Arizona entitled "An Act Concerning Mines" approved March 2, 1899,

Dated and posted on the ground this 8th. day of May 1902, And this Amended Notice being dated October 14th. 1903.

U. S. SURVEYOR-GENERAL'S FINAL CERTIFICATE ON FIELD NOTES.

Department of the Interior,

OFFICE OF U. S. SURVEYOR-GENERAL,

Phoenix, Arizona,

October 5, 1910.

I, U. S. Surveyor-General for Arizona, do hereby certify that the foregoing transcript of the Field Notes, return and approval of the survey of the mining claim of O. D. M. Gaddis et al.

known as the GOLDEN STAR situate in Wallapai Mining District, Mohave County, Arizona, in Section , Township No. 23 N., Range No. 17 W. Unsur., and designated as Survey No. 2824, has been correctly copied from the originals on file in this office; that said Field Notes furnish such an accurate description of said mining claim as will, if incorporated into a patent, serve fully to identify the premises, and that such reference is made therein to natural objects or permanent monuments as will perpetuate and fix the locus thereof.

And I further certify that five hundred dollars' worth of labor has been expended or improvements made upon said mining claim by claimants or their grantors, and that said improvements consist of 1 shaft and 1 drift, total value \$940.00

and that no portion of said labor or improvements has been included in the estimate of expenditures upon any other claim.

I further certify that the plat thereof, filed in the U. S. Land Office at Phoenix, Arizona, is correct and in conformity with the foregoing Field Notes.
