direct solar observations. The distances were measured with

13

The lines of this survey and ties to Section corners were run upon the ground.

The E. 2 Cor. Sec. 15 T. 10 N.R. 6 W. G. & S.R.B. & M. is a granite stone chiseled 2 on West face.

The N.W.Cor.of said Sec.15 is on top of a granite boulder marked with a + with four notches on South side and three notches on East side.

The N. the Cor. Sec. 15 T. and R. aforesaid falls near the site of an old stone cabin and has probably been destroyed. The W.C. and point for the W. the Cor. of said Sec. 15 is in a locality covered with bushes and large boulders.

The W. Cor. Sec. 10 T and R, aforesaid is on a precipitous mountain slope. After a diligent search I was unable to find any of the quarter corners mentioned.

The intersections with said section lines are therefore calculated from the approved notes.

Cors.Nos.l and 2 Sur.No.2488 Omaha lode are granite stones properly set and marked.

The end centers of the several lodes of this survey are substantial mounds or monuments of stone, 3 ft. in dia. at base and $3\frac{1}{2}$ ft.high.

Suitable bearing rocks or trees were unavailable except where given in notes Note.

The disagreements between these field notes and the amended location certificates are due to errors in the latter.

FINAL OATHS FOR SURVEYS.

LIST OF NAMES.

A list of the names of the individuals employed by Alfred B.Colwell	
United States Mineral Surveyor, to assist in running, measuring, and marking the lines, corne	ers, and
boundaries described in the foregoing field notes of the survey of the mining claim of	
Granite Reef Geld Mining Company	
known as the Planet Mier, Dakota, State, Hull, Prescott, Bellmore, Granet Reef, Granite Reef Extension lodes and showing the respective capacities in which they acted.	anite

County Recorder

U. S. SURVEYOR-GENERAL'S FINAL CERTIFICATE ON FIELD NOTES.

Department of the Interior,

OFFICE OF U. S. SURVEYOR-GENERAL,

Phoenix, Arizona,
May 9 , 1919
I, U. S. Surveyor-General for District of Arizona
do hereby certify that the foregoing transcript of the Field Notes, return and approval of the survey
of the mining claim of
GRANITE REEF GOLD MINING COMPANY
known as the PLANET MIER, DAKOTA, STATE, HULL, PRESCOTT, BELLMORE, GRANITE REEF AND GRANITE REEF EXTENSION LODES. situate in MARTINEZ
Mining District, YAVAPAI County, ARIZONA. uns. 9 & 16, in Sections 10&15, and Township No. 10 N., Range No. 6 W., and
designated as Survey No. 3523, has been correctly copied from the originals on file in
this office; that said Field Notes furnish such an accurate description of said mining claim as will, if
incorporated into a patent, serve fully to identify the premises, and that such reference is made therein
to natural objects or permanent monuments as will perpetuate and fix the locus thereof.
And I further certify that five hundred dollars' worth of labor has been expended or improve- each of ments made upon said mining claims by claimant or its grantors, and that said improvements
consist of 17 cuts, 8 tunnels, 10 shafts and 1 drift, total value
\$11.955.
·
and that no portion of said labor or improvements has been included in the estimate of expenditures
upon any other claim.
I further certify that the plat thereof, filed in the U.S. Land Office atPhoenix,
Arizona, is correct and in conformity with the foregoing Field Notes.
Frank P. Trott,
United States Surveyor-General for Arizona.
