General Description

BOOK 138

T13. N. R. 22 E G & S R M

The land in this township is mostly rolling. The soil 3rd. rate. There is a good growth of Juniper over parts of this township and outside of this there is an abundance of good grass, which makes the township valuable for grazing purposes.

Several roads cross this township and Silver creek runs through the western portion of Sec. 6.

There are improvements and a fence in

T13. N. R. 22 E G & S R M

the western part
of Sec. 19. the house
to which the improve-
ment apper take belongs
to the township
Aut.

U. S. Surveyor General's Office,

Tucson, Arizona, November 10, 1883,

The foregoing Field Notes of the Survey of the

Subdivision Line of
Township 13 North
Range 22 East

Of the Gila and Salt River Base and Meridian, Arizona, execu-
ted by

A. P. Johnson
Deputy Surveyor, under his contract of the 17th
day of July, 1882, having been

critically examined and the necessary corrections and explana-
tions made, the said Field Notes and the surveys they describe
are hereby approved

J. W. Pottsville
Surveyor General.
