Preliminary Oaths of Assistants.

We, Richard Shrope
and N. Van Alstine

do solemnly swear that we will faithfully execute the duties of Chain Carriers; that we will level the chain upon uneven ground, and plumb the tally pins, whether by sticking or dropping the same; that we will report the true distance to all notable objects, and the true length of all lines that we assist in measuring, to the best of our skill and ability.

Richard Shrope
N. Van Alstine

Sworn to and subscribed before me, this 17th
day of August, 1878.

John R. Farrell,

GENERAL DESCRIPTION.

The surface of the land in Township 21 N. Range 5 E. is very broken in the S. and interspersed with high hills in the W. In the N.E. there is a large open Park taking up the greater portion of secs. 1. 2. 3. 10. 11 & 12. Some of the soil in this park is suitable for agriculture and the balance for grazing land. There is a fine and permanent supply of water in secs. 10 and 11.

Grass grows in great abundance throughout the township.

The balance, or about five-sixths, of the township is covered with a dense forest of Pine timber. The trees are very large, tall and straight and would afford a vast quantity of Pine Lumber of the best quality.

The land is wholly non-mineral. There is scattering oak and some oak brush on the hills in the W. part of the township. The overland road runs through the township. Lines were blazed & line trees notched as per instructions. J. W. L. Harris
