WE, Harry S. Ingalls and Wilfred B. Nelson
do solemnly swear that we will well and faithfully execute the duties of chainmen; that we will level the chain upon even and uneven ground, and plumb the tally pins, either by sticking or dropping the same; that we will report the true distances to all notable objects, and the true lengths of all lines that we assist in measuring, to the best of our skill and ability, and in accordance with instructions given us, in the survey of the subdivision lines of Pt. 6 N. Rg. 12 W.

Harry S. Ingalls, Chainman.

Wilfred B. Nelson, Chainman.

Subscribed and sworn to before me this 5th
day of December, 1908 }
Commission expires March 29, 1910

Melchiorich
Notary Public

WE, _____ and _____
do solemnly swear that we will well and truly perform the duties of moundmen in the establishment of corners, according to the instructions given us, to the best of our skill and ability, in the survey of

, Moundman.

, Moundman.

Subscribed and sworn to before me this _____
day of _____, 1908 }

WE, J. A. N. Oliver and _____
do solemnly swear that we will well and truly perform the duties of axmen in the establishment of corners and other duties, according to instructions given us, to the best of our skill and ability, in the survey of the subdivision lines of Pt. 6 N. Rg. 12 W.

J. A. N. Oliver, Axman.

, Axman.

Subscribed and sworn to before me this 20th
day of December, 1908 }

John P. Hesse
U. S. Deputy Surveyor

I, A. R. Sanders, do solemnly swear that I will well and truly perform the duties of flagman according to instructions given me, to the best of my skill and ability, in the survey of the subdivision lines of Pt. 6 N. Rg. 12 W.

A. R. Sanders, Flagman.

Subscribed and sworn to before me this 20th
day of December, 1908 }

John P. Hesse
U. S. Deputy Surveyor

No notary available without great expense and loss of time

Subdivision of Township 6 North Range 12 West.

chains

Survey commenced December 20th, 1908, and executed with a Young and Sons light mountain transit, No 7532, with solar attachment. The horizontal limb is provided with two double verniers placed opposite to each other, and reading to single minutes of arc, which is also the least count of the verniers of the latitude and declination arcs.

The instrument was examined, tested on the true meridian at Phoenix, found correct, and approved by the Surveyor General for Arizona.

I examine the adjustments of the transit and find them correct, and then to test the solar apparatus, by comparing indications, resulting from solar observations, made during a.m. and p.m., hours, with a meridian determined by observations on Polaris, I proceed as follows:-

At the cor. of secs. 1, 2, 35, and 36, on the S.bdy. of Tp. 6N., R. 12W., latitude $33^{\circ}48'39''N.$, longitude $113^{\circ}28'11''W$ I set off $33^{\circ}48-1/2'N.$ on the lat. arc, $23^{\circ}22-1/2'S.$ on the decl. arc; and determine a meridian with the solar at 4 p.m., l.m.t., and mark a point thereof on a stone, firmly set in the ground, 5 chs. N. of the cor.

December 20th, 1908.

²⁶
December 21st; At 1 h. ~~24~~ m., a.m., by my watch which has correct l.m.t., I observe Polaris at western elongation, in accordance with the Manual of Instructions, and mark a point in the line thus determined, on a peg, driven in the ground, 5 chs. N. of my station.

At 7 a.m., l.m.t., I lay off the azimuth of Polaris $1^{\circ}25'$ to the E., and mark the meridian thus determined by cutting a small groove in the stone set December 20, on which the meridian coincides with the one determined by the solar.

At 8 a.m., l.m.t., I set off $33^{\circ}48-1/2'N.$ on the lat. arc, $23^{\circ}23'S.$ on the decl. arc; and mark a point in the meridian thus determined with the solar by a cross on the stone, already set 5 chs. N. of my station; this mark coincides with the meridian established by the Polaris observations.

The solar apparatus, by a.m. and p.m. observations, define positions for meridians identical with the meridian established by Polaris observations; Therefore, I conclude that the adjustments of the instrument are satisfactory.

The magnetic bearing of the true meridian at 8 a.m. is $N14^{\circ}56'W.$; the angle thus determined gives the mag. decl. as $14^{\circ}56'E.$

²⁷
I begin at the cor. of secs. 1, 2, 35, and 36 on S.bdy. of Tp., set by me December 19th.

Thence I run

$N0^{\circ}01'W.$ bet. secs. 35 and 36.

Over level land through dense brush.

December 27th, 1908.

GENERAL DESCRIPTION.

Tp. 6 N., R 12 W., is all level, and covered with a dense growth of underbrush. The Arizona and California Railroad runs through the southern part of the Tp.

The town of Wenden is located in the southwestern part of this Tp. There is no water in the Tp.

There is one settler each in secs. 30 and 31.

In making the survey I destroy all cors. established by Deputy Santee under Contract No 146.

John B. Hesse
U.S. Deputy Surveyor.

For authority for rail side corrections see Deputy's letter 7/1/09 and 8/20/09.

FINAL OATHS OF DEPUTY SURVEYOR AND HIS ASSISTANTS.

LIST OF NAMES.

A list of the names of the individuals employed by John F. Hesse,

, United States Deputy Surveyor, to assist in running, measuring, and marking the lines and corners described in the foregoing field notes of the survey of the

subdivision lines of Twp. 6 N. Rg. 12 W.

showing the respective capacities in which they acted:

Harry S. Ingalls, Chainman.

Wilfred B. Helm, Chainman.

, Moundman.

, Moundman.

A. N. Oliver, Axman.

, Axman.

A. R. Sanders, Flagman.

FINAL OATH OF ASSISTANTS.

We hereby certify that we assisted John F. Hesse,

, United States Deputy Surveyor, in surveying all those parts or portions of the subdivision lines of Twp. 6 N.

Rg. 12 W.

of the Gila
and Salt River meridian, Perritory of Arizona, which are represented in the foregoing field notes as having been surveyed by him and under his direction; and that said survey has been in all respects, to the best of our knowledge and belief, well and faithfully surveyed, and the corner monuments established, according to the instructions furnished by the United States Surveyor General for Arizona.

Harry S. Ingalls, Chainman.

Wilfred B. Helm, Chainman.

, Moundman.

, Moundman.

A. N. Oliver

, Axman.

, Axman.

A. R. Sanders, Flagman.

Subscribed and sworn to before me this 27th }
day of December, 1908 }

John F. Hesse

U. S. Deputy Surveyor

FINAL OATH OF UNITED STATES DEPUTY SURVEYOR.

John F. Hesse
 I, *John F. Hesse*, United States Deputy Surveyor, do
 solemnly swear that, in pursuance of a contract received from *Frank S. Digalls*,
 United States Surveyor General for *Arizona*, bearing date of the
10th day of *October*, 1909, I have well, faithfully, and truly, in my own
 proper person, and in strict conformity with the instructions furnished by the United States Surveyor
 General for *Arizona*, the Manual of Surveying Instructions, and the laws of the
 United States, surveyed all those parts or portions of *the subdivision lines*
of R.R. 6 N. Rg 12 W.

Salt River meridian, in the *Perritory of Arizona*, which are represented in the
 foregoing field notes as having been surveyed by me, and under my direction; and I do further solemnly
 swear that all the corners of said survey have been established and perpetuated in strict accordance with
 the Manual of Surveying Instructions, and the special written instructions of the United States Surveyor
 General for *Arizona* and in the specific manner described in the field notes, and that
 the foregoing are the original field notes of such survey.

John F. Hesse
 United States Deputy Surveyor.

Subscribed by said *John F. Hesse*, and sworn to before me }
 this first day of *March* 1909, 1909 }

Frank S. Digalls

U. S. SURVEYOR GENERAL

APPROVAL.

OFFICE OF THE UNITED STATES SURVEYOR GENERAL,

Phoenix, Ariz Aug 25, 1909

The foregoing field notes of the survey of *the subdivision lines of*
R.R. 6 N. Rg 12 W. Gila and Salt River Base
Mid Meridian, Arizona

executed by *John F. Hesse, U.S. Deputy Surveyor*
 under his contract No. 150, dated *October 10, 1909*, having been
 critically examined, and the necessary corrections and explanations made, the said field notes, and the
 surveys they describe, are hereby approved.

Frank S. Digalls
 United States Surveyor General.

I certify that the foregoing transcript of the field notes of the above-described surveys in _____
 has been correctly copied from the original notes on file in this office.

United States Surveyor General.
