1

Resurvey commenced Sept.22, 1913, and executed by Thomas B. Matthews, U.S. Surveyor, with Young and Sons' light mountain transit No.8480, previously described. I examine the adjustments of the transit, and find them to be correct, and know from recent tests of the solar apparatus, by comparing its indications resulting from solar observations, made during a.m. and p.m. hours, with a meridian established by observation on Polaris, at elongation, that the instrument is in satisfactory adjustment.

Owing to changes in interpretation of instructions relative to survey of private land claims, Tracts Nos, 7 to 53, inclusive, were not surveyed until from Feb. 5th to Feb. 11th, 1914, inclusive, notes of surveys of which tracts are submitted herewith preliminary to notes of resurvey of Subdivision lines in Ill S., R.23 E.

Tract No.37, Homestead Entry 016963, March 16,1912, originally described as the NE $\frac{1}{4}$ of sec. 22, T-11 S., R.23 E.

At NE.(No.1) cor., identical with SE. (No.4) cor.of Tract No.52, and NW.(No.2) cor. of Tract No.40, as determined by intersection of E. and W., and N. and S. lanes, I set an iron post 3 ft.long, 1 in. in diam., 26 ins. in ground, with a brass cap, marked, T 11 S R 23 E in N., and

1913 in S.half;

4 TR 52 in NW.,
S 14 in NE.,
2 TR 40 in SE., and
1 TR 37 in SW-quadrant.

From the above described Tract cor., point for cor. of secs. 14,15,22 and 23, hereinafter described, brs.S.89° 57 W., 308 lks.dist.

Feb. 5th, 1914: At 9h. 0m. a.m., l.m.t., I set off 16°00½ son declare; 32°28 on lat.arc, and determine a meridian with the solar at the tract cor. described

above.
Thence I run,
S.89° 58' W., bet. Tracts 37 and 52.
NW. (No.2) cor., identical with SE. (No.4) cor. of Tract
53, and SW. (No.3) cor. of Tract 52. Establish this cor. as follows:

Set an iron post 3 ft. long, 1 in. in diam., 26 ins. in the ground, with a brass cap, marked,

T 11 S R 23 E in N., and

1913 in S.half;

4 TR 53 in NW.,
3 TR 52 in NE.,
2 TR 37 in SE., and
S 22 in SW. quadrant.

40.05

40.00

Thence I run, South, on west bdyof Tract.

Sw. (No.3) cor., identical with NW. (No.2) cor. of Tract
No.38. Establish this cor. as follows:
Set an iron post 3 ft.long, 1 in. in diam., 26 ins. in
ground, with a brass cap, marked,

T 11 S R 23 E in N.,

1913 in S., and S 22 in Whalf,

3 TR 37 in NE., and 2 TR 38 in SE. quadrant.

Thence I run, N.89°55 E., bet. Tracts 37 and 38.

Survey of Private Tracts in Township 11 South Range 23 E.
Chains.
              Tract No.44, Homestead Entry, 016883, March 7, 1912, originally described as the SW of sec. 24, T.11 S., R.23 E.
              From NE. (No.1) cor., described above in notes of Tract 43, at SE. (No.4) cor., I run, N.89°51'W., between Tracts 43 and 44.

NW. (No.2) cor., identical with NE. (No.1) cor. of Tract 42, SE. (No.4) cor. of Tract 39, and SW. (No.3) cor. of Tract 43 described in notes of Tract 39 at SE. (No.4) cor.

At this cor., I set off 15°40'S. on decl.arc, and at 12h.
40.02
              14m. 14secs. p.m., 1.m.t., observe the sun on the meridian, and obtain a reading of 32° 27½ on lat.arc.

Thence I run,

S.0° 23' W., bet. Tracts 42 and 44.

SW. (No.3) cor., identical with NE. (No.1) cor. of Tract
47, and SE. (No.4) cor. of Tract 42, described in notes
of Tract 42, at SE. (No.4) cor.
40.00
               Thence I run, S.89° 51 E. on south bdy.of Tract, and north bdy.of sec.
               sec.cor. for sec.25, previously reestablished by me, as
37.01
                     hereinafter described; continue measurement on same
              course.

SE. (No.4) cor. Establish this cor. as follows:

Set an iron post, 3 ft.long, 1 in. in diam., 26 ins. in ground, with a brass cap, marked,

T 11 S R 23 E in N., and

S 25, 1913 in S.half;

4 TR 44 in NW., and
40.05
              Thence I run, N.0°21' E., on east bdy.of Tract.
              NE. (No.1) cor., place of beginning, hereinbefore described.

Note: The above tract No.44, overlaps over on to the SE. 4 of sec.24, Homestead Entry 018938, Aug.15,1912, a dist. of 2.95 chs. at SE. cor., and 3.22 chs. at NE. cor. of Tract, making an area of 12.32 acres in conflict
40.00
                     between the two entrymen. A. A. Coats, emtryman of the SET of sec. 24, insists on conforming to the lines of the independent resurvey in the interest of uniform-
                     ity of property lines, and waives his right to metes
                     and bounds survey by written agreement. Entryman of the SW1 of sec. 24, has no improvements involved in this conflict except for a 2-wire fence along east bdy.
                     of Tract No.44.
                                                                                          Feb. 6th, 1914.
               Tract No.45, Lieu Selection 507, W. H. McKittrick, ap-
                     proved Aug. 15,1901, originally described as the NW 4 of
                     SE \frac{1}{4} of sec. 25, T.11 S., R.23 E.
              At the NE. (No.1) cor. of Tract 45, which brs.N.89° 24'
W., 19:86 chs.dist., from the $\frac{1}{2}$ sec.cor., bet. secs.
25 and 30 on east bdy.of T. 11 S., R. 23 E., previously reestablished by me, as described in Book "A." of this Group. I set an iron post 3 ft.long, 1 in. in diam.,
                     26 ins. in the ground, with a brass cap, marked,
                                               T 11 S R 23 E in N., and
                                               1913 in S.half,
S 25 in NE., and
1 TR 45 in SW quadrant.
                     s. on decl.arc; 32°26 bn lat.arc, and determine a
               Feb. 9th, 1914:
                     meridian with the solar at the above described Tract
               Thence I run, Sweet with the (No.1) cor. of Tract. 46.

Resurvey of Subdivision lines of Township 11 S.,
Chains.
                Sept. 22, 1913: At 9h. 10m. a.m., l.m.t., I set off 6° 24' N. on decl.arc; 32°25½ on lat.arc, and determine a meridian with the solar at the cor.of secs.35 and 36, on south bdy.of Tp., previously reestablished by me, as described in Book "A" of this Group.

The magnetic bearing of the meridian thus established at 9h. 20m., a. m., l.m.t., is N.12° 54' W.; the angle thus determined gives the magnetic decl. 12°54' E.
                             Thence I run,
N.0°01'W., bet. secs. 35 and 36.
Over level prairie land.
                 Telephone line, brs.E. and W. Wire fence brs. NW. and SE.; thence through pasture paral-
     .20
     •60
                 lel to and east of lane.

Set an iron post 3 ft.long, 1 in. in diam., 26 ins. in ground for reestablished 2 sec.cor., with a brass cap,
40.00
                         marked,
                        $\frac{1}{4}$ S 35 in W.,
$S 36 in E., and
$1913 in S.half;
dig pits $18x18x12 ins., N. and S. of post 3 ft. dist.,
and raise mound of earth $\frac{1}{2}$ ft. base, $1\frac{1}{2}$ ft. high, west
                         of cor.
                  Adobe house, brs.west 10 chs.dist.
                 Intersect south bdy.of Tract No.50, 235 lks.S.89° 56' W.
of SE. (No.4) cor., later established by me, as here-
inbefore described in notes of Tract 50.
At point of intersection, Feb. 10, 1914, I set an iron
post 3 ft.long, 2 ins. in diam., 24 ins. in the ground,
for reestablished cor.of secs. 35 and 36, with a brass
45.00
80.00
                        cap, marked,

T 11 S R 23 E TR 50 in N., and

1913 in S' half;

and
                        S 36 in SE., and
S 35 in SW. quadrant;
dig pits 24x24x12 ins., in each sec. 6 ft. dist., and raise a mound of earth 4 ft. base, 2 ft. high, S. of
                  Land, level.
Soil, loose, red sandy loam, medium texture, 12 to 18 ins.
                         deep, on clay subsoil.
                  Good grass.
                  No timber.
                  Thence Irun,
N.89°56'E, on random line, belo source;
                  Set temp. sec.cor.
 40.00
                  Intersect east bdyof Tp. 30 lks. N. of cor., of secs. 25,30, 31 and 36, previously reestablished by me, as described in Book "A" of this Group.
 80.10
                  Thence I run, N.89° 51' W. on true line, bet. secs. 25 and 36.
                  Over level prairie land, through scattering yuccas, 4 to 7
                         ft. high.
                  Leave scattering yuccas, brs.N. and S.
Set an iron post 3 ft.long, 1 in. in diam., 26 ins. in
the ground, for reestablished \( \frac{1}{4} \) sec.cor., with a brass
  25.00
 40.05
                  s 36 1913 in S'half;

Resurvey of Subdivision lines of Township 11 S. R. 23 E.
Chains
             of Standard cor. of secs.35 and 36, previously reestablished by me, as described in Book "B" of Group 22. Set an iron post 3 ft.long, 2 ins. in diam., 24 ins. in the ground for reestablished closing cor. of secs.1 and
                   2, with a brass cap, marked,
CCS of center,
T11SR23ES35S36 in N., and
                                          1913 in S.half;
                                          S 1 in SE., and
S 2 in SW. quadrant;
                   dig pits 18x18x12 ins., crosswise on each line, E. and W. 3 ft., and S' of post 7 ft. dist. and raise a mound of earth 4 ft.base, 2 ft.high, south of cor.
             From the above described cor., the point for old closing cor. of secs. 1 and 2, as determined from decayed mesquite stake set in pit, brs.S.85°W., 46 lks.dist. I
                   destroy all trace of this old cor.
              Land, level.
              Soil, loose, red, sandy loam, medium texture, 12 to 18
                    ins.deep on clay subsoil.
              Good grass.
              No timber.
                                                                                Sept. 23, 1913.
              Oct.20th, 1913: At 9h. 40m. a.m., l.m.t., I set off 10° 16\frac{1}{2}'s. on decl.arc; 32^{\circ}25\frac{1}{2}' on lat.arc, and determine a meridian with the solar at the cor.of secs.2,3,34 and
                   35 on south bdy.of Tp., previously reestablished by me, as described in Book"A" of this Group.
              Thence I run, N.0°01' W., bet. secs.34 and 35.
              Over cultivated land.
              Wire fence brs. E. and W.; leave cultivated land, brs. E.
              and W.; thence over open prairie land, through scattering yuccas 4 to 5 ft.high.

Leave scattering yuccas, brs.E. and W.

Set an iron post 3 ft.long, 1 in. in diam., 26 ins. in ground, for reestablished \( \frac{1}{2} \) sec.cor., with a brass

RESURVEY OF SUBDIVISION LINE'S OF TOWNSHIP 11 S. R. 23 E.

GENERAL DESCRIPTION

This township consists of level prairie land except for a small rocky hill in S.W. of sec. 30. Soil is mainly loose red sandy leam, of a depth ranging from 12 to 18 ins. which maintains a good growth of grama-grass, which the settlers cut for hay. In favorable years this land produces good crops by dry farming. Good supply of underground water is found at a depth ranging from 20 ft. in sec. 6 to approximately 200 ft. in eastern portion of township. The E. half of township is taken up by settlers, most of whom are engaged in dry farming. The western half of township is practically all occupied by the Sierra Benita Ranch, headquarters of which are located in the NW of sec. 6. No evidence of original cors. could be found in this township except at such places as are noted herein.

Thomas B. Matthews

U. S. Surveyor.

ForFINAL OATH OF UNITED STATES SURVEYOR.

	Bee Book "D"
J	, U. S. Surveyor, do solemnly swear that, in pursyance
\	ns received from the U. S. Surveyor General for
	, 191 , I have well, faithfully, and truly,
_	person, and in strict conformity with said instructions, the Manual of Surveying
_	
	laws of the United States, surveyed all those parts or portions of
	of the
	Meridian, in the State of, which are represented in
the foregoing field r	notes as having been executed by me, and under my direction; and I do further
solemnly swear that	all the corners of said survey have been established and perpetuated in strict accord-
· ·	al of Surveying Instructions, and the special written instructions of the U.S. Surveyor
	and in the specific manner described in the field notes, and that
	e original field notes of such survey.
the foregoing are th	e originar held hetes of such survey.
	U. S. Surveyor.
