FIELD NOTES

OF THE SURVEY OF THE

East and North boundaries, and

Subdivision lines of

TOWNSHIP 7 SOUTH, RANGE 12 EAST,

3436

Of the Gila and Salt River Base and Meridian,

In the State of Arizona.

EXECUTED BY

William H. Thorn, U.S. Cadastral Engineer
and
Horace M. Muscott, U.S. Transitman

~~In the capacity of U. S. Surveyors~~
~~U.S. Transitman, respectively~~, under instructions dated February 6, 1918,
issued by the United States Surveyor General to govern surveys included in
Group No. 81, which were approved by the Commissioner of the General Land
Office, February 27, 1918, and Assignment Instructions dated
December 18, 1918.

Survey commenced April 19, 1919

Survey completed May 3, 1919

Black lines on above diagram indicate surveys executed by William H. Thorn, U. S. Cadastral Engineer, on dates shown thereon.

Red lines on above diagram indicate surveys executed by Horace M. Muscott, U. S. Transitman, on dates shown thereon.

Survey hereinafter described executed by William H. Thorn, U. S. Cadastral Engineer and Horace M. Muscott, U. S. Transitman, on dates shown on diagram on page 1 hereof, using respectively Young and Sons' light mountain transits Nos. 8592 and 8248, described, with certificate of approval, by the Assistant Supervisor of Surveys, in Book "A".

We examine the adjustments of the transits and correct all errors; then, to test the solar apparatus, by comparing their indications resulting from solar observations made during a.m. and p.m. hours, with a meridian determined by observations on Polaris at elongation, we proceed as follows:

Apr. 20, 1919: At our camp in sec. 22, T. 7 S., R. 12 E., G. and S. R. B. and M., in lat. $32^{\circ}49'N.$, long. $111^{\circ}5\frac{1}{2}'W.$, using the meridian determined as described in Book "F", at 9 hrs. 0 m., a.m., l.m.t., we set off $32^{\circ}49'N.$ on the lat. arcs; $11^{\circ}19'N.$ on the decl. arcs; and determine a meridian with each solar, which we find to agree with the true meridian.

At apparent noon, with the lat. arcs unchanged, we observe the sun on the meridian; the resulting readings of the decl. arcs are $11^{\circ}21\frac{1}{2}'N.$, which agrees with the computed decl. of the sun.

At 3 hrs. 0 m., p.m., l.m.t., with the lat. arcs unchanged, we set off $11^{\circ}24\frac{1}{2}'N.$ on the decl. arcs and determine a meridian with the solars, which we find to agree with the true meridian.

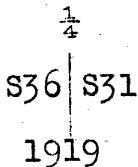

As all of the solar observations during the usual hours of solar work come within $1'30''$ of the true meridian, we conclude that the adjustments of the instruments are satisfactory.

Survey of East bdy. of Township 7 South Range 12 East.

Chains.

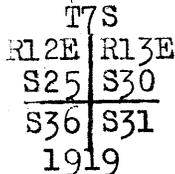

From the cor. of Ts. 7 and 8 S., Rs. 12 and 13 E., described in Book "E,"
 North, on true line, bet. secs. 31 and 36.

 Soil, sandy, gravelly, 3rd rate.
 Undergrowth, greasewood, palo verde, catclaw, and cholla and
 sahuaro cactus.
 Timber, scattering small palo verde and mesquite.

The continued satisfactory adjustment of the solar apparatus during the survey of this township is indicated from field tests, as described in Books "G," and "H" .

GENERAL DESCRIPTION.

LAND. Mountainous in northeast corner of township; rolling over the entire south half, and extreme north west corner.

SOIL. Rocky, granite formation, 3rd and 4th rate in the mountains; sandy clay, 2nd and 3rd rate in the balance of township.

TIMBER. Scattering palo verde, and mesquite.

UNDERGROWTH. Greasewood, ocotilla, sage brush, catclaw and cholla, club and sahuara cactus.

EVIDENCE OF MINERAL. None.

WATERING PLACES. One at the Coyote Ranch in sec. 13.

SETTLEMENT. Coyote Ranch in sec. 13.

INDUSTRY. Can be used for grazing land.

SPECIAL. There are roads coming from NW., W. and SW. running to the Coyote Ranch.

CERTIFICATE OF UNITED STATES TRANSITMAN.

I, Horace M. Muscott U.S. Transitman, hereby certify upon honor that, in pursuance of special instructions received from the U. S. Surveyor General, for Group 81, Arizona bearing date of the 6th day of February, 1918, I have well, faithfully, and truly in my own proper person, and in strict conformity with said instructions, the Manual of Surveying Instructions, and the laws of the United States, surveyed all those parts or portions of

the Subdivision lines of

Township 7 South - Range 12 East

of the Gila and Salt

River Base and Meridian, in the State of Arizona, which are represented in the foregoing field notes and by diagram on page 1 hereof as having been executed by me, and under my direction; and that all the corners of said survey have been established and perpetuated in strict accordance with the Manual of Surveying Instructions, and the special written instructions of the U. S. Surveyor General, for Group 81, Arizona and in the specific manner described in the field notes, and that the foregoing are the original field notes of such survey.

Date February 12, 1921
