Survey of Parcel D, Section 2 p. 9

Survey of Parcel E, Section 2 p. 10

1/2

Township 9 South Range 22 West Gila and Salt River Meridian, Arizona

CHAINS

The following field notes are those of the dependent resurvey of a portion of the subdivisional lines; the survey of a portion of the subdivision lines within section 2, and the metes-and-bounds survey of Parcels A, B, C, D, and E within section 2, Township 9 South, Range 22 West, of the Gila and Salt River Meridian, Arizona.

History of Previous Surveys: The exterior boundaries and subdivisional lines of this township were originally surveyed by Theadore F. White, U. S. Deputy Surveyor, in 1874, as shown upon the official plat examined and approved May 18, 1874. The north boundary of section 2 was dependently resurveyed as described in the official field-note record of the dependent resurvey of the south boundary of section 35 of Township 8 South, Range 22 West, executed concurrently with this group.

The dependent resurvey and surveys were executed in accordance with the specifications as set forth in the Manual of Surveying Instructions, 1947 Edition, and the Special Instructions dated January 7, 1972, and Supplemental Special Instructions dated June 12, 1978.

The direction of all lines of these surveys were determined from direct altitude observations on the sun for azimuth, and these directions refer to the true meridian. The lines were carried forward by normal transit traverse. Distances are expressed in chains.

The geographic position of the 1/4 sec. cor. of secs. 2 and 11, determined by scaling from a U. S. Geological Survey Quadrangle Map, 7 1/2 minute series "Fortuna, Arizona, 1965", is as follows: Latitude 32° 40.2' N., and Longitude 114° 29.2' W. The mean magnetic declination is 14° East.

Dependent Resurvey of a Portion of the Subdivisional Lines Township 9 South Range 22 West Gila and Salt River Meridian, Arizona

Restoring the Survey Executed by Theadore F. White, U. S. Deputy Surveyor in 1874

Beginning at the corner of sections 2, 3, 10, and 11, which is marked with a brass cap, 2 ins. in diam., 7 ins. below the surface of the road, mkd.

CERTIFICATE OF SURVEY

(I) (₩¢), Ray Harpin

, HEREBY

of January , 19 72 , (1) (We) Make and Supplemental Special Instructions dated June 12, 1978. I have dependently resurveyed a portion of the subdivisional lines, surveyed a portion of the subdivision lines within section 2, and surveyed the metes-and-bounds survey of Parcels A, B, C, D, and E within section 2, Township 9 South, Range 22 West,

of the Gila and Salt River Meridian, in the State of Arizona , which are represented in the foregoing field notes as having been executed by (me), (ps) and under (my) (phr) direction; and that said survey has been made in strict conformity with said special instructions, the Manual of Instructions for the Survey of the Public Lands of the United States, and in specific manner described in the foregoing field notes.

May 28, 1978
(Date)
(Cadastral Surveyor)
(Cadastral Surveyor)

CERTIFICATE OF APPROVAL

The foregoing field notes of the dependent resurvey of a portion of the subdivisional lines; the survey of a portion of the subdivision lines within section 2, and the metes-and-bounds survey of Parcels A, B, C, D, and E within section 2, Township 9 South, Range 22 West, of the Gila and Salt River Meridian, Arizona.

executed by Ray Harpin, Cadastral Suveyor

having been critically examined and found correct, are hereby approved.
